

Nordic Metabolomics Society quarterly newsletter, September 2020

1. **Nordic Metabolomics Conference 2021**

Due to the current circumstances, the 2020 Nordic Metabolomics Conference which was to be in Trondheim in October, was postponed until 2021. The 2nd Nordic Metabolomics Conference will thus be in Trondheim, Norway, on October 18-20, 2021. The meeting website is here:

<https://www.ntnu.edu/isb/nmc2021>

2. **Nordic Metabolomics Society (NMS) networking meeting**

Instead of the conference, this year NMS will organise an online meeting over three half-days, November 25-27, 2020 (http://www.nordicmetsoc.org/NMSnet2020_Virtual.html).

The format of this meeting will be different from a usual conference format. The main aim is to introduce teams doing metabolomics (incl. lipidomics) in the Nordic region. Each team expressing interest to contribute (as part of registration) will get a chance to give a short presentation, introducing the team or research projects. Please check the event website about further details. *Registration is open!*

3. **Other meetings**

Current list of events is listed here: <http://www.nordicmetsoc.org/events.html>. If you wish for any other metabolomics event to be added to this list, please let us know (normetsoc@gmail.com).

Two upcoming events linked to the NMS are:

Metabolite Identification Marathon, October 23, 2020 (online):
<http://www.nordicmetsoc.org/MetIDmarathon2020.html>

Metabolomics 2020, October 27-29, 2020 (online): <http://metabolomics2020.org/>. Registration and abstract submission now open!

4. **Call for expression of interest to organise 3rd Nordic Metabolomics Conference in 2022**

See details at <http://www.nordicmetsoc.org/NMC2022.html>

Deadline for EoI is *September 30, 2020*.

5. **Board members of the Nordic Metabolomics Society**

NMS has nine board members. Next elections for the Board will be held in the Fall of 2021, and five current members will complete their second and last 2-year term. Thus, we will need new candidates, willing to shape the future of metabolomics in the Nordic region!

The statutes of the NMS can be found here: <http://www.nordicmetsoc.org/NMCstatutes.pdf>

6. **How to stay connected with Nordic Metabolomics Society?**

Follow us on twitter: @SocietyNordic

Or check the web page: <http://www.nordicmetsoc.org/>

7. **How to become a member of Nordic Metabolomics Society?**

It is easy, go to the NMS web site, <http://www.nordicmetsoc.org/membership.html>, and register. It is free. In case you know colleagues that may be interested in becoming members, please pass this information forward.

Next Quarterly Newsletter comes in December 2020.

Greetings from the NMS Board
